Color Combinations—Please Order by Number

Colors named below are suggested because we know the work, painted in any of these combinations, is attractive in appearance. Cars, however, painted any other color desired, a wagon is ordered painted white, we charge extra, according to size (see price list), must have more time in which to furnish, for it takes more coats to produce a white job if done if painted in color. We also charge extra for cream or gray.

Images

The SNMA holds over 50,000 images, dating to the 19th century, covering a wide variety of subjects. Image reproductions are available for both commercial and personal use.

Engineering Drawings

The SNMA possesses the largest collection of Studebaker Corporation and Packard Motor Car Co. engineering drawings in existence. The engineering drawing collection dates from the 1920s up through the end of production for both companies. Reproductions of Studebaker and Packard factory engineering drawings are available.

Motion Picture Footage

Film footage from as early as 1927 can be found at the SNMA. The motion picture collection contains over 500 titles of Studebaker and Packard produced films including promotional films, television commercials, and movie shorts. Many titles are available through the Studebaker National Museum Store and the SNMA. *Individual film footage reproduction is available for commercial use only.*

General Research Questions

The SNMA can research your inquiry utilizing over 70 tons of archival material at their disposal. In-person research is also available during regular business hours.
