The Museum is thrilled to induct Pat & Sue Ruskowski to the Studebaker Hall of Champions.

Pat and Sue served as chairpersons for the *History in the Making* capital campaign that generated the funding to build the new Museum facility in 2005. Recognizing the need to build a sustainable funding source for the Museum, Pat became the founding Chairman for the Studebaker National Museum Foundation, a post he still holds today. Under his leadership, Foundation assets have grown to \$1.5 million. Pat has tirelessly served on numerous Museum committees, secured countless donations to the Museum's Collection, and chaired many of our successful fundraising events including the Hall of Champions Dinner.
